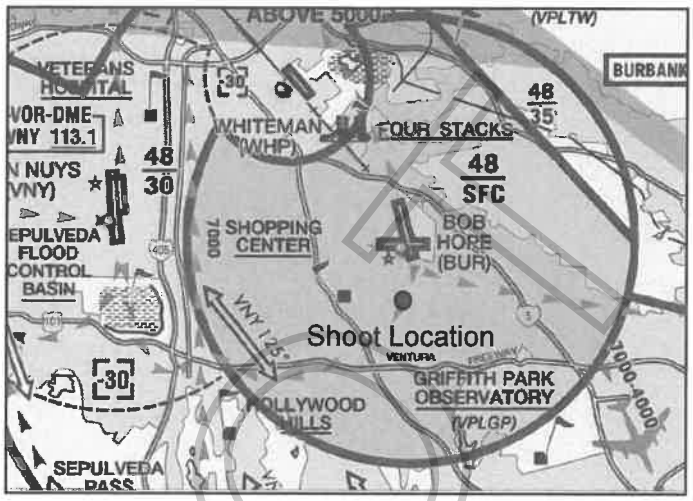
Plan of Action

Re: Nike SB spot
Submitted by: Baxter Bailey, White Owl Aerial
Date: 03/27/19

Request: We are requesting to shoot aerial videography on 04/02/19 in Burbank over the parking lot located at 5801 Whitnall Hwy, Los Angeles, CA.

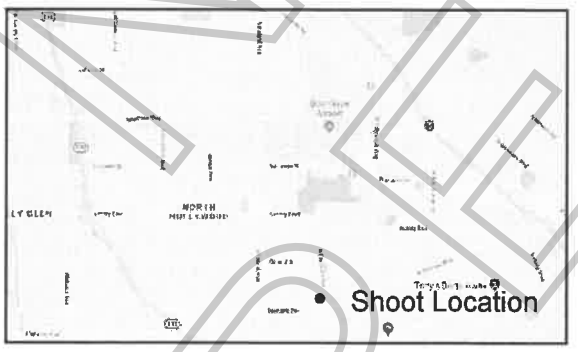
Parameters: The sUAS flight will be restricted to the above parking lot and immediate surrounding areas (no flights taking place over the highway). The airspace is in class C requiring ATC approval. We currently have our request pending via LAANC through the Skyward platform. The sUAS will also remain below 60ft. AGL with no flights taking place directly above the crew.



Safety: When part 107 came into existence our pilots immediately took training courses and got certified. We take the FAA regulations very seriously and always make sure we are following all regulations.We will only fly from areas where the remote pilot can maintain visual line of sight of the sUAS.

Finally, we follow a strict maintenance protocol in terms of updating our sUASs and batteries. This ensures that our sUAS have the latest software and the batteries have full capacity. Before flying, we use an FAA designed recommended checklist to make sure that all safety measures are in place and that the crew and sUAS is ready for flight.

Guided by this tested plan of action, we are respectfully requesting permission to shoot aerial videography on 04/02/19 in Burbank, CA.



Sincerely,
Baxter Bailey
CEO White Owl Aerial
